

LEAN-TO ADOPTER (VOLUNTEER POSITION)

ADK (Adirondack Mountain Club) works to protect New York State wild lands and waters by promoting responsible outdoor recreation and building a statewide constituency of land stewardship advocates. Since 1922, the organization has worked to increase access to the backcountry by building trails, conserving natural areas, and developing a stewardship community that supports the ethical and safe use of New York's outdoor spaces. As a member, donor, and volunteer-supported organization, ADK reaches across New York through its 27 chapters to inspire people to enjoy the outdoors ethically.

The ADK Trails Department was founded in 1979 as New York's premiere wilderness trail work program. For over 40 years, we have been building and maintaining hiking, biking, equestrian and ski trails throughout the Adirondacks and Catskills, using primarily hand tools and human power.
